DEVELOPMENT PROJECTS

Pawesome Adoptions: [Repository](#) | [Live Site](#)

Pawesome Adoptions is a web-based/page platform that was worked on collaboratively, it features a dynamic search and filter feature, enabling users to easily find adoptable pets in their area. With a seamless user experience and page layout, the platform allows users to adopt pets and share their own adoption stories. Users have full CRUD functionality for managing posts and their profiles, while a commenting system encourages engagement and community interaction.

Skills: Java, Spring Boot, HTML, CSS JavaScript, MySQL, Bootstrap

EXPERIENCE

Toro Lawn Care and Landscaping- San Antonio, TX

Client Services Feb 2022 - Jan 2023
